**III ACTIONS TAKEN**

On June 04, 2003 telephone duty received National Response Center report #646874 concerning a release from an 8 inch pipeline due to a county roadway equipment mishap causing an operating pipeline to break. The pipeline released approximately 500 gallons of product. The State and RP responded to the incident. OSC Ullock, outposted to Alabama, has been in contact with the State and will conduct a site visit today. A mobile home park has been evacuated as a precaution. The RP has hired a contractor to repair the pipeline and perform removal activities. Southern Rail Road mobilized an environmental contractor and they conducted air monitoring.

**IV FUTURE ACTIONS**

OSC Ullock and State will continue to perform necessary actions.

**V ESTIMATED COSTS**

Unknown at this time. A PRFA with the State has been established for \$3,000.
